

Client Programs

Artsoculus arts-based educational programs for learners with dementia are designed to captivate the imagination and stimulate the mind through creative and collaborative engagement with the arts.

Program	Course description	Participants	Duration
Watercolour Techniques	Small group sessions for individuals who learn basic watercolour techniques and explore individual ideas and artistic themes throughout the program.	4 individuals	6-8 weeks 1 hour per week
Partners Watercolour Techniques	Partners learn simple and satisfying watercolour painting techniques that are easily reproduced by caregivers who wish to continue painting with their clients.	4-6 partners	4-6 weeks 1 hour per week
Art Conversational	Partners learn about and practice simple and satisfying watercolour painting techniques, and enjoy an hour-long meal and conversation following the lesson.	4-6 partners	4-6 weeks 2 hours per week
